The route is open year-round into Yosemite Valley. As you head towards Yosemite, be sure to stop in Groveland at the Groveland Yosemite Gateway Museum. ## Museum:

Main & State Streets, Columbia  
[parks.ca.gov/columbia](https://parks.ca.gov/columbia)

Known as the best-preserved Gold Rush town in California, Columbia is a place where visitors are truly immersed in authentic California history. Gold was discovered in Columbia on March 27, 1850. By 1870, the "Gem of the Southern Mines" produced more than \$1 billion (in today's figures). Today the town still bustles with shops, exhibits and the lively activity of the 1850's.

You'll know you've arrived when you hear the clang of a hammer at the blacksmith shop, smell the candles and soap at the candle store, visit authentic brick

buildings and taste treats from the candy store, bakery or tea house.

Embrace your pioneer spirit! Pan for gold, sip a sarsaparilla, pick up provisions or supplies. Take an adventurous ride on the stagecoach. Enjoy live theatre at the Fallon House. See the house that Grace Kelly called home in the film "High Noon."

Docents staff the park museum, dressed circa 1850-1870. Columbia hosts many events throughout the year that celebrate the Gold Rush era including a Victorian Easter Egg Hunt, Glorious 4th of July, lamplight tours at Christmastime and many more! Admission to the park is free and there are plenty of dining and lodging options both inside and outside the park. Nearby RV parks and the Columbia Airport are within walking distance to Columbia State Historic Park.

[railtowninfo@parks.ca.gov](mailto:railtowninfo@parks.ca.gov)

The "Southern Mines" of Tuolumne County hit their second heyday in 1897 with the completion of the Sierra Railway tracks to Jamestown, Sonora and eventually, in 1900, to Tuolumne City. This meant boom times for the lumber, hard rock and cattle industries. Later, the railroad was key to building dams that created Lake Tulloch, Don Pedro and Hetch Hetchy Reservoirs.

Railtown 1897 brings this era to life. The 26-acre park is open daily for tours

featuring the active roundhouse complex, belt driven machine shop, historic locomotives, passenger cars and movie props like smokestacks, headlights and station signs. Railtown 1897 is known as "The Movie Railroad" and its trains, including the famous Sierra No. 30, have been featured in over 300 films, television shows and commercials since its first movie in 1919.

Steam and vintage diesel train rides are available on weekends April – October, holidays and for special events. The Depot Store is well-appointed with toys, souvenirs, books and more about railroads and the California Gold Rush. The park is operated by California State Parks and supported by the California State Railroad Museum Foundation.

Explore the rich history of Tuolumne County as you travel through the towns and regions in the community. From the Me-Wuk roots of the County, to the Gold Rush that built it to fame, to the railroad that brought people (and movies) to the area, there's something for everyone!

Me-Wuk Tribes have resided in this area for thousands of years. Two Federally recognized tribes, the Chicken Ranch Tribe of Me-Wuk Indians and the Tuolumne Band of Me-Wuk Indians historically flourished in this area, living on and utilizing the land and its resources throughout the year. As seasons allowed, they traded with surrounding tribes for food and goods. As newcomers arrived, the tribes were adversely impacted and much of the traditional lands were overcome with mining, farming, and other industries, and the tribes were forced onto small territories of land. The tribes persevered, and today both tribes enrich tribal members and the community with programs and events, and share the traditions, language, and vibrancy of their cultures with all. The Acorn Festival, held each September, celebrates the harvest of black oak acorns and features ceremonial dances, games, and native crafts.

Tuolumne County saw an influx of people during the Gold Rush when mines were established in the hills. It's estimated that only 30% of the gold in the area was extracted during the Gold Rush—meaning there is still a rich vein of gold and gems! Dig into mining history at local museums, or get your hands dirty with mining companies located in Jamestown and Columbia.

Decades after the Gold Rush, Tuolumne County saw the arrival of the railroad in 1897 and a steady rise in population. Immerse yourself in the history of the railroad and the movie stardom that it brought with it at Railtown 1897 State Historic Park.

Visit the Tuolumne County Historical Society's website [tchistory.org](http://tchistory.org) or visit one of the museums where you can learn about important County figures, why downtown Sonora is structured the way it is and see artifacts firsthand.

# Lakes, Rivers, & Fishing

Lake Don Pedro  
Credit: Suntex Marinas

Water fun is limitless in Tuolumne County. From several pristine alpine lakes and vast lower elevation reservoirs to hundreds of miles of crystal-clear rivers and streams, there's an ideal location for the activities of your liking—peaceful or thrilling.

The Wild and Scenic **Tuolumne River** originates at the highest peaks of Yosemite National Park and meanders through majestic and expansive Tuolumne Meadows. As it drops down out of the park, it presents some of the best whitewater rafting in California. Several access points on the Stanislaus National Forest provide areas for fishing, swimming, and picnicking.

The forks of the **Stanislaus River** provide serene and scenic opportunities for spending a day trout fishing or swimming. Campgrounds and day-use areas along the river corridor surrounded by ancient towering peaks are generational favorite spots for family getaways.

Popular **Pinecrest Lake** has something for everyone. Swimming, fishing, hiking, camping, and boating in the slow-paced atmosphere are all draws to the lake, but its true highlight is its scenery including the night sky. Note that this area can be very busy on summer weekends and holiday periods.

**Lake Don Pedro** is a large reservoir situated in the golden foothills of Tuolumne County. Full services are available at two marinas for everything from water skiing to kayaking. Enjoy fishing, swimming, hiking, and more. For a one-of-a-kind lodging experience, take your friends or family on a private cruise for a couple of days on a well-appointed houseboat.

For those who like the adventure of getting to their destination, as well as embracing the destination itself, **Relief Reservoir** is a spectacular choice. It's a hike to get there from Kennedy Meadows and best for those with some experience and preparation. Backpackers love this spot!

## Winter

Watch as Tuolumne County turns into a winter wonderland. Snowboard, ski, tube, ice skate, or make a snowman. The choice is yours.

### Winter Driving

Highway 120 is open year-round to Yosemite National Park and into Yosemite Valley. Tioga Pass over the Sierra is closed for the winter and opens around the first of June. Highway 108's Sonora Pass is closed over the Sierra after the first major snowfall but is kept plowed to Leland Meadows and Dodge Ridge. Sonora Pass usually reopens in mid-May. It is always advisable to carry chains in the mountains during the winter. Snow rarely falls as low as downtown Sonora.

# Road Trips

## Hit the Open Road!

Tuolumne County is split between 3 distinct regions each with their own highway to match. Highway 49 through Gold Country, Highway 108 up into the High Sierra, and Highway 120 that leads the way to Yosemite National Park. Experience each unique area or loop between them to see all of Tuolumne County!

### Gold Country

Highway 49 Gold Country: Adventure like a 49er on Historic Highway 49. It winds its way through the foothills of the Sierra marked by the influential towns of Tuolumne County that flourished during the Gold Rush. Perfect for little ones, history buffs, or those looking to strike it big and find gold.

### High Sierra

Highway 108 High Sierra: Highway 108 is the picture-perfect road trip you have been waiting for. Now is time to explore the breathtaking High Sierra. Reach new heights and experience the enchantment of unique and incredible mountain formations and beautiful rivers and streams along Sonora Pass, Highway 108.

### Yosemite

Highway 120 Yosemite: Highway 120 is the path for the explorer. Behold the beauty of Yosemite National Park's less explored Tuolumne Meadows and mountain peaks along Tioga Pass, Highway 120. From the adrenaline rush of whitewater rafting to hiking through ancient sequoias, Highway 120 is there for you, if you are up for the adventure.

## Keeping Tuolumne County Safe and Sustainable.

Experiencing the spectacular outdoors and authentic California history are the main reasons visitors make their way to Tuolumne County. Enjoying all that the area has to offer comes the responsibility to be safe and to be good stewards.

Responsible travel involves preserving our natural environment, making sure to leave no trace by staying on the trails and packing out your trash. It involves understanding the causes for wildfires, such as loose chains making sparks along the road, and only lighting fires in approved areas and extinguishing them properly. It also involves being respectful of the region and others staying or living in the area.

### *Stay Safe*

Safety Tips for Exploring the Back Country

- Don't ever go alone.
- Stay on marked trails.
- Take a communication device with you.
- Always check the weather before you head out. High Country weather can and does change quickly.
- Be prepared! Carry extra water, food and appropriate survival supplies.

### *Be a Good Steward*

- Tuolumne County is Too Cool to Trash! Always leave a place better than when you arrived, pack out your litter and recycle and dispose of it properly.
- Respect wildlife.
  - Please don't feed wildlife
  - Watch wildlife from a distance
  - Use bear-proof lockers where they're available or bear-proof canisters when backpacking
- Stick to marked trails to avoid harming plants, and consider taking a bag to pick up trash along your hike.
- Dogs should be on a leash while on trails and streets and picked up after.
- Please don't disturb cultural artifacts.

### *Using GPS*

We do not recommend using GPS to get around Tuolumne County, especially in the mountains. Use maps or stop by a Visitors Center or ranger station for directions. Using a GPS in a rural area can send you on the wrong roads or roads not suitable for regular vehicles.

### *Fire Safety Tips*

Caring for Tuolumne County can only be done together. It's the only sure way to preserve this beautiful area and prevent the very real devastation that comes from wildfires. For the safety of all, please keep these fire safety tips in mind when visiting the area.

#### **IN AN EMERGENCY, CALL 9-1-1**

Important Information and Numbers:

**Sign up for Emergency Alerts from the Tuolumne County Sheriff's Department at**

**[member.everbridge.net/1332612387832200/new](https://member.everbridge.net/1332612387832200/new)**

- Tuolumne County Sheriff's Dept. 209-533-5855
- City of Sonora Police Dept. 209-532-8143
- Should a fire or other emergency occur, tune your radio to a local station (FM 92.7, FM 93.5, FM 102.7 or AM 1450) for updates.

### *More Tips:*

**Please use extreme caution during dry conditions and follow all laws regarding open fires, as well as have an emergency plan and follow any evacuation orders.**

### *When Having a BBQ or Using a Fireplace:*

- Ensure there is 10 feet of clearance around your BBQ.
- Dispose of ash in a metal container with a lid away from any flammable materials.
- Ashes may take several days to cool completely in the can. Do not discard them until they are cool enough to touch.

### *When Using Equipment:*

- Ensure your equipment is in good working order and that you are using it correctly. Mow before 10 am, and never on windy days.
- All gas-powered equipment (ATV's, generators, motocross bikes, weed eaters, lawn mowers, etc.) require a spark arrestor. Check your equipment prior to use to ensure your spark arrestor is installed and is clean and serviceable.

### *When Target Shooting:*

- Shoot in areas free of vegetation.
- Use safe targets, such as paper or clay pigeons, as steel targets or rocks may throw sparks into nearby vegetation.
- Have a shovel and fire extinguisher on hand in case a fire does spark.
