Authentic Gold Country

Highway 49 - One of "America's Best Drives"

HWY
49

Tuolumne County's Gold Country invites you to step straight into California's vibrant Gold Rush story. The historic towns of Jamestown, Sonora, and Columbia buzz with character—where wooden boardwalks, brick-front shops, and preserved landmarks bring the past to life. Wander through charming boutiques and local galleries to uncover new favorites or hidden treasures. Savor delicious bites and drinks in historic inns, catch a top-tier live theater performance in a venue with over a century of storytelling, or experience around-the-clock entertainment and gaming.

In spring, wildflowers blanket nearby trails in brilliant color. Year round, low-elevation reservoirs are full of fish and plenty of room to roam. Local wineries, craft breweries, and a hard-apple-cider distillery welcome visitors to sip, sample, and savor their handcrafted creations in scenic settings.

And for an immersive journey back in time, two of California's premier State Historic Parks—Ratcliff 1897 and Columbia—offer living history experiences that transport you to the era when dreamers, pioneers, and prospectors shaped the spirit of the West.

Iconic Yosemite

Highway 120 - The Northern Yosemite Highway

HWY

Make a stop in the welcoming town of Groveland to find unique shops, a variety of lodging options, and great dining. Also along the way, you'll find recreational opportunities for every outdoor enthusiast, including hiking, golf, mountain biking, fishing, and world-class whitewater rafting.

Tuolumne County's High Sierra offers a dramatically different kind of escape—defined by rugged landscapes, cool mountain air, and wide-open adventure. The Stanislaus National Forest is the backdrop of an atmosphere perfect for unplugging and exploring.

seasonal beauty—spring waterfalls, summer meadows, fall colors, and snowy winter playgrounds. As elevation rises, the scenery shifts from rolling hills to dense forests and finally to alpine peaks, offering a sense of progression found nowhere else in the County.

Along the way, the mountain town of Twain Harte offers a cozy place to pause with local dining, charming overnight accommodations, welcoming shops, and one of California's oldest miniature golf courses. Other notable stops are Pinecrest Lake, Aspen Meadow Pack Station, Dodge Ride Mountain Resort, Donnell Vista, Columns of the Giants, and Kennedy Meadows.

Day-Use Reservations
May Be Required

Get more information about day-use reservation requirements for the last three weekends of February, holiday periods, and weekends during high visitation times in 2026 at nps.gov/yose/planyourvisit/reservations.htm

95% of visitors only see 5% of Yosemite.

Visit the park November through March

Take alternate transportation
like YARTS (Yosemite Area Regional Transportation System), and you will not need a day-use reservation! yarts.com

Go with a local guide
for experiences of all types, sightseeing, hiking, fishing, and more. And, no peak-hour reservation is needed.

Plan ahead and reserve area lodging

More than half of Yosemite National Park lies within Tuolumne County, and it's the least crowded side too. Wander among the ancient giants of the Tuolumne Grove of Giant Sequoias, roam the sweeping alpine expanse of Tuolumne Meadows, or venture around the striking, cliff-lined Hetch Hetchy Reservoir.

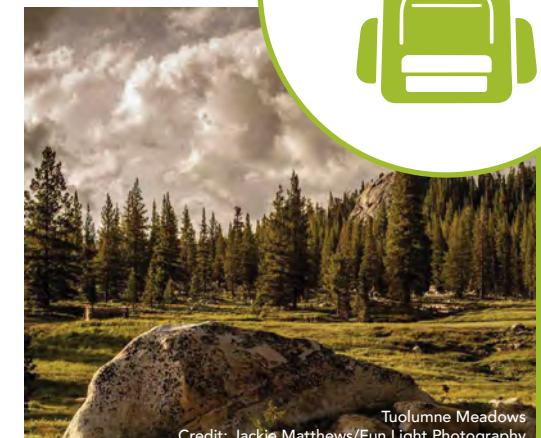

Highway 120, designated by the State of California as the Northern Yosemite Highway, is the fastest and most direct route to Yosemite from the San Francisco Bay Area and points north. Open year-round into Yosemite Valley, this scenic gateway invites you to slow down and discover the charm along the way.

A visit to Groveland is a must! This welcoming mountain town offers historic character, unique shopping, and delicious dining. It's also home to the Groveland Yosemite Gateway Museum, open year-round and filled with stories, artifacts, and insights into the region's rich cultural and natural heritage.

International Visitors Need to Know for Visiting Yosemite

The U.S. Department of the Interior has introduced a new fee schedule for international travelers at eleven national parks, including Yosemite.

As fees and policies may change, be sure to check the most up-to-date park information before your visit. visittuolumne.com/yosemite

Main & State Streets, Columbia
parks.ca.gov/columbia

Known as the best-preserved Gold Rush town in California, Columbia is a place where visitors are truly immersed in authentic California history. Gold was discovered in Columbia on March 27, 1850. By 1870, the "Gem of the Southern Mines" produced more than \$1 billion (in today's figures). Today the town still bustles with shops, exhibits, and the lively activity of the 1850's.

You'll know you've arrived when you hear the clang of a hammer at the blacksmith shop, smell the candles and soap at the candle store, visit authentic brick buildings, and taste treats from the

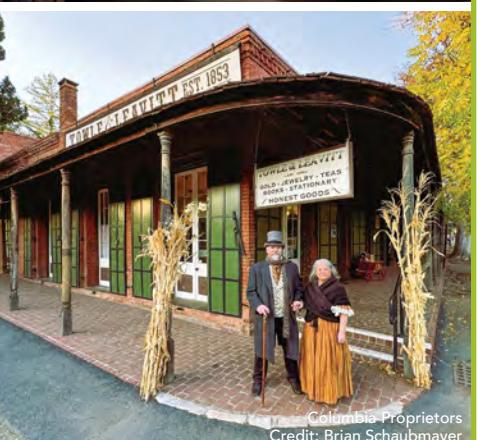

bakery, tea house, specialty shops, and the 5th generation family-owned and operated candy store.

Embrace your pioneer spirit! Pan for gold, sip a sarsaparilla, pick up provisions or supplies. Take an adventurous ride on the stagecoach. Enjoy live theatre at the Fallon House. See the house that Grace Kelly called home in the film "High Noon."

Docents staff the park museum, dressed circa 1850-1870. Columbia hosts many events throughout the year that celebrate the Gold Rush era including a Victorian Easter Egg Hunt, Cinco de Mayo, Glorious 4th of July, lamplight tours at Christmastime and many more! Admission to the park is free, and there are plenty of dining options both inside and outside the park. Nearby RV parks and the Columbia Airport are within walking distance to the park.

5th Ave & Reservoir Rd, Jamestown
railtown1897.org
railtowninfo@parks.ca.gov

The "Southern Mines" of Tuolumne County hit their second heyday in 1897 with the completion of the Sierra Railway tracks to Jamestown, Sonora, and eventually, in 1900, to Tuolumne City. This meant boom times for the lumber, hard rock, and cattle industries. Later, the railroad was key to building dams that created Lake Tulloch, Don Pedro, and Hetch Hetchy Reservoirs.

Railtown 1897 brings this era to life. The 26-acre park is open daily for self-guided or guided tours featuring the active roundhouse complex, belt driven machine shop, historic locomotives, passenger cars, and movie props like

smokestacks, headlights, and station signs. Railtown 1897 is known as "The Movie Railroad" and its trains, including the famous Sierra No. 3®, have been featured in over 300 films, television shows and commercials since its first movie in 1919.

Excursion train rides are available on weekends April–October, holidays, and for special events. The Depot Store is well-appointed with toys, souvenirs, books, and more about railroads and California history. The park is operated by California State Parks and supported by the California State Railroad Museum Foundation.

Railtown 1897 is listed on the National Register of Historic Places as the Sierra Railway Shops Historic District.

- Dress for all kinds of weather—bring layers.

Be a Good Steward

- Tuolumne County is Too Cool to Trash! Always leave a place better than when you arrived, pack out your litter and recycle and dispose of it properly.
- Respect wildlife.
 - ° Please don't feed wildlife
 - ° Watch wildlife from a distance
 - ° Use bear-proof lockers where they're available or bear-proof canisters when backpacking
- Stick to marked trails to avoid harming plants, and consider taking a bag to pick up trash along your hike.
- Dogs should be on a leash while on trails and streets and picked up after.
- Please don't disturb cultural artifacts.

Using GPS

We do not recommend using GPS to get around Tuolumne County, especially in the mountains, as it can send you on the wrong roads or roads not suitable for regular vehicles. Use maps or stop by the Visitors Center or a Ranger Station for directions.

Caring for Tuolumne County can only be done together. It's the only sure way to preserve this beautiful area and prevent the very real

devastation that comes from wildfires. For the safety of all, please keep these fire safety tips in mind when visiting the area.

Fire Safety Tips:

Please use extreme caution during dry conditions and follow all laws regarding open fires, as well as have an emergency plan and follow any evacuation orders.

When Having a BBQ or Using a Fireplace:

- Ensure there is 10 feet of clearance around your BBQ.
- Dispose of ash in a metal container with a lid away from any flammable materials.
- Ashes may take several days to cool completely in the can. Do not discard them until they are cool enough to touch.

When Using Equipment:

- Ensure your equipment is in good working order and that you are using it correctly. Mow before 10am, and never on windy days.
- All gas-powered equipment (ATV's, generators, motocross bikes, weedeaters, lawn mowers, etc.) require a spark arrestor. Check your equipment prior to use to ensure your spark arrestor is installed and is clean and serviceable.

When Target Shooting:

- Shoot in areas free of vegetation.
- Use safe targets (i.e. paper or clay pigeons). Steel targets or rocks may throw sparks into nearby vegetation.
- Have a shovel and fire extinguisher on hand in case a fire does spark.
